Elk Point named Chamber of the Year

By VICKI BROOKER

Review Staff

Elk Point Chamber of Commerce president Sandy Smith was bursting with excitement at Wednesday's regular meeting, when she moved a last-minute addition right up to the top of the agenda.

"I have a fax here from the Alberta Chambers of Commerce. It says, 'Lethbridge, Taber and Elk Point have been named 2009 Chambers of the Year by the Alberta Chambers of Commerce.'"

The winners were announced on May 15 at the ACC's 72nd provincial conference in Lethbridge, but by the time Smith received a broad hint that a representative should attend the award banquet, none of the executive was able to attend.

Smith had entered the chamber's visitor information Eco Centre into the contest, "And we won!" she enthused. "We're the Chamber of the Year for chambers with 100 members or less."

The award is "quite a prestigious thing," Smith noted, adding that the date of the actual presentation is yet to be determined.

The news release announcing the award states that the Elk Point Chamber "will soon open a \$500,000 visitor information Eco Centre fueled by wind and solar power. The Eco Centre is a replica of the community's original CN train station, which will become a destination for users of the historic Iron Horse Trail. It will also act as a regional education facility, as the chamber is partnering with Lakeland College to hold workshops and seminars on green technologies."

The EcoCentre was the number one of topic for most of the meeting. Smith has arranged for the elevator to be inspected on June 8, which will streamline public access to the upper floor.

Heinsburg Community Development Society launched with hope and enthusiasm

By VICKI BROOKER

Review Staff

The first annual meeting for the Heinsburg Community Development Society, a group that evolved from an organizational meeting last fall, was held Friday, May 14, following a barbecue hosted by Evan Finley at his newly refurbished home, originally the railway section foreman's house, across from the vintage train station.

Vic Stapleton was elected chair of the new society, with Marjorie Scott as vice chair, Terri Stoddard as secretary and Betty Tracey as treasurer. Roy Scott, Shane Hansen and Evan Finley are directors.

"Lots of enthusiasm" was exhibited at the meeting, Marjorie Scott said, as the group looked forward to that weekend's visit by North East MuniCorr's ATV trail ride, when they would offer tours of the water tower and station and offer the visitors coffee and snacks before they left on their ride.

The society is also looking forward to a visit from an engineer who will examine the station and make recommendations for its restoration to a condition in which it can be utilized, she said.

Gary Chen from Alberta Historic Resources Foundation plans to come to Heinsburg soon, "And we're hoping he

can attend our next meeting on June 11," Scott said.

As a society, she adds, "we're now in a position to get our grants. We have hopes and dreams for lots of things using the station." New members are very welcome to get on board.

At the eastern terminus of the Iron Horse Trail, Heinsburg is very proud of their Railway Theme Park and the refurbished water tower and partially-restored station that are part of it. In coming years, they hope to expand on the theme and further celebrate the history of the railway's contribution to small communities such as their own in rural Alberta.

Golfers will swing for STARS

By VICKI BROOKER
Review Staff

Once again next week, golfers in Elk Point will be swinging for the STARS (Shock Trauma Air Rescue Society).

The June 2 event, moved back to the traditional first Wednesday after a Friday run last year, will be the 11th annual tournament to be hosted by Elk Point Emergency Services in support of the non-profit organization, which meets its funding needs through private donations and charitable events such as this.

Over the past 10 years, Elk Point Emergency Services has donated over \$135,000 to help keep STARS in the sky.

Donations from individuals, service groups, businesses and corporations, in the form of cash, silent auction items and door prizes, have been coming in well this year, and golfers can look forward to a good array of prizes as well as an excellent steak dinner at the end of their day on the course as they once again enjoy good golfing for a good cause.

Attention Minor Hockey Families

Due to a lack of executive, all functions of
ELK POINT MINOR HOCKEY
will be **HALTED** as of June 1, 2010.

This includes no releases signed, no registrations accepted (including early registration with fee reductions), no conditioning camp, etc.

by May 31, 2010.

Elk Point RCMP execute drug, firearms and stolen property seizure

By Cst. JOHN SPAANS
Elk Point RCMP Detachment

On May 12, Elk Point RCMP, along with the assistance of the St. Paul Detachment, executed two search warrants on properties in the St. Paul area. A total of 15 RCMP members searched the two properties for much of the day after investigation led investigators to believe that the owners were in possession of drugs. The day-long search led to the seizure of approximately 10 pounds of marijuana, a quantity of LSD, ecstasy, cocaine, a number of firearms, a large quantity of ammunition and approximately \$150,000 worth of stolen vehicles. Joseph and Omer Gamache have been charged with a list of Criminal Code offenses including possession for the purpose of trafficking, unauthorized possession of firearms and possession of stolen property.

Assault

On May 11 at 2 a.m., RCMP members were called to a disturbance in Frog Lake. The complainant advised that a 35-year-old male suspect had just assaulted a 43-year-old female. When family members intervened, a 16-year-old male was assaulted by the suspect. The 16-year-old victim was able to run from the scene and witnesses managed to lock the suspect outside of the house. Members arrived to find the suspect sleeping in a nearby vehicle. The male was resistant with members but was

taken into custody a short time later. The 43-year-old Frog Lake male has been charged with two counts of assault. No one was injured during this occurrence and alcohol is believed to have played a key role.

Break and enter

At 4:18 a.m. on May 13, RCMP were called to a break and enter at the K&N Liquor Store in Elk Point. By the time members arrived on scene, the suspects had departed. Witnesses saw two vehicles at the store including a two-tone grey pickup truck and a small red car. Suspects loaded their vehicles with liquor and left the scene. Investigation into this matter is ongoing. Should anyone have information relating to this matter, please contact the RCMP or Crime Stoppers.

Impaired driving

On May 13 at 12:30 a.m., Elk Point RCMP pulled over a vehicle on Highway 89 7 after the male driver was seen driving without a seat belt. When members spoke to the male it was discovered that he had been drinking alcohol. The male was administered a roadside screening test and subsequently failed. The suspect was brought to the Elk Point Detachment where breath tests indicated a blood alcohol level well above the legal limit. The 32-year-old Marwayne resident has been charged with impaired driving.

On May 16 at 2:50 a.m., RCMP were called to a hit and run on Range Road 71. Witnesses watched as a female drove away from a party at a nearby residence and stuck a parked vehicle. The suspect continued driving southbound until intercepted by police. The female driver was grossly intoxicated and placed under arrest for impaired driving. Subsequent breath samples found that the female had a blood alcohol level over three times the legal limit. The 28-year-old Lloydminster female has been charged with impaired driving and failure to remain at the scene of a collision.

Later in the day on May 16, Elk Point RCMP were alerted to an erratic driver driving north out of Elk Point on Highway 41. Members caught the vehicle and determined that the male driver had been drinking. The driver was brought to the detachment for breath tests that showed a blood alcohol level twice the legal limit. The 28-year-old Kehevin resident was charged with impaired driving.

FARM AUCTION

FOR

HAROLD & RITA LANGDEN

Saturday, May 29, 2010 • 10:30 a.m.

From Elk Point: 2km South to Twp. Rd. 565, 5km East to Rg. Rd. 63

Award winning orator

Christopher Boratyniec, a Grade 5 student at Elk Point Elementary School, represented Alberta in the Optimist Oratorical Competition, where he competed with top speakers from Montana, Saskatchewan and Wyoming, and received a runner-up plaque for his speech on "Cyber Communication: Progress or Problem." Teacher Bernice Capjack, who has been a staunch supporter of the Optimist speaking competitions for many years, was at the competition with his family to cheer him on. Although Christopher did not win the title this year, he intends to continue competing in further years, and hopes to win a scholarship.

Tee off for diamonds

By VICKI BROOKER
Review Staff

The women of the oil industry will be teeing off once again with diamonds on their minds, as the Second Annual Diamond Drillbits Ladies Golf Tournament hits the links at Elk Point Golf and Country Club on July 3.

Last year's tournament was a huge success, and organizers Susan MacKinnon, Shaina Gadowski and Wanda Cochrane are looking forward to another great day of golf, food fun and laughter this year when women who work in the energy sector, or whose husbands or partners work there, take a day off for sheer enjoyment.

"We're aiming for a full slate of 72 golfers this year," said the organizers, who advise the ladies to get their entries in early.

The day will begin with a light breakfast and ends with a barbecue supper and presentation of prizes, "with maybe a challenge or two in the middle," they note.

The ladies emphasize that all skill levels are encouraged to participate, noting, "yes, this is a tournament, but it is also a day for fun."

They are looking forward to seeing those who

attended the groundbreaking First Annual tournament last year, and are urging them to "spread the word. Tell your friends, tell co-workers or strangers, and help us and yourself make new friends and acquaintances."

For more information, call Susan at 780-724-3745 (evenings 780-724-2603), Wanda at 780-210-5323 (780-724-2010) or Shaina at 780-645-1281 (780-724-7366).

ELK POINT REVIEW - 780-724-4087

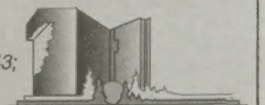

Ask a SCHOOL TRUSTEE

Why do we need parents involved in our education system?

Did you know that the more parents are involved in their child's education, the better chance that child will have at succeeding in life? Seems like common sense, right? But, in our increasingly busy lives, school divisions continue to struggle to find ways to increase parent engagement. Effective parent engagement accounts for as much as 50 per cent increase in student achievement across schools. This means higher grades and test scores, improved school attendance, more positive attitudes, fewer discipline problems and increased high school completion rates.

Parents are key stakeholders in making decisions that will impact student learning. Think of a three-legged stool with the student, the parent and the teacher each representing one leg. If one leg of that stool is weak, then the stool will tip over. Parent and community participation in education is crucial for student success and our school division will continue to explore ways to enhance a two-way, open communication between the school and the home.

This monthly series is brought to you by the Board of Trustees from St. Paul Education Regional Division No. 1. If you have a question for us, please visit our website at www.stpauleducation.ab.ca or phone your local trustee (780 prefix): Darrell Younghans 943-2460; Deb Pederson 366-2533; Ron Rudkowsky 367-2243; Rhonda LaFrance 645-7125; Don Padlesky 645-5659; Steve Upham 726-2195; Maureen Miller 645-3105.

EDITORIAL

Small but successful

Elk Point may not have the biggest chamber of commerce around, but this small, determined group has achieved a title that the group's executives in years past could only dream about.

Chamber of the Year - it has a nice ring to it.

The win is no doubt because of the current major project, that of building a half-million-dollar Visitor Information Eco Centre, but that outward symbol of success comes at the peak of a long climb back out of a deep hole of adversity. This is a chamber that ended years with two-figure bank balances, on the right side of zero if they were lucky, when there were no takers for executive positions, or leadership whose attitudes tended to raise the ire of members, who then declined to attend meetings or renew their memberships.

The chamber has been at the end of its rope more than once, but hanging on and digging in have brought them to the realization of their current goal, and the honour they truly deserve. Congratulations!

Way Back When...

Pioneer teacher, descendants, property tax drop

HERE'S THE NEWS THAT MADE THE HEADLINES OF THE LAKELAND REVIEW AND ELK POINT REVIEW FOR THE WEEK OF MAY 25 IN...

1985

Elk Point's new municipal library was ready for moving day, with town council agreeing to accept the building as complete. F. G. Miller High School students and staff tied themselves together into a giant, 600-legged caterpillar that yelled "Inside! Outside" for the wacky and wonderful Moga Madness Kickoff to National Physical Activity Week.

1990

Pioneer teacher Florence McDonell was honoured on her 90th birthday, with long-ago student Melvina Carlson Young presenting her with an engraved school bell to remind her of her days at Mooswa School in the late 1920s. The Town of Elk Point looked toward a 'Plan B,' with a new committee struck to look into options for replacement of the decrepit community services centre.

1995

MP Deborah Grey visited Elk Point on her semi-annual tour of the Beaver River constituency "to see what people are thinking and give you an update on what's happening in Ottawa." Five Grade 12 graduates at Frog Lake's Chief Napewaw School looked forward to "Flying on our own" after completing their high school education.

2000

Descendants of four victims of the Northwest Rebellion's Frog Lake Uprising visited the site of 1885 Frog Lake, laying wreaths at the monument and hearing passages from the book, "Two Months in the Camp of Big Bear" by Therese Gowanlock and Therese Delaney, who were held captive after the uprising. RCMP experienced a very busy weekend due to large and rowdy parties at Whitney Lake and Laurier Lake.

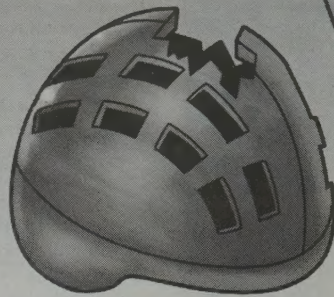

2005

Tax rates dropped for all Elk Point ratepayers, with declines of between 2.4 and 36.9 per cent from the 2004 figures. Elk Point Chamber addressed the problem of credit card fraud, with RCMP Cst. Justin Tremblay as a special guest at their meeting to offer tips on preventing this crime.

GUEST COLUMN

Classroom rights

This coming Monday, May 31, happens to be Memorial Day in the United States. Memorial Day is a United States federal holiday observed on the last Monday of May. Formerly known as Decoration Day, it commemorates U.S. men and women who died while in the military service. Memorial Day was first enacted to honor Union soldiers of the American Civil War (it is celebrated near the day of reunification after the Civil War).

The bloodiest conflict in American history was the Civil War as it pitted brother against brother, family against family, state against state. In 1865, after four years of unprecedented violence that killed three percent of the population, the United States turned its

attention to reintegrating the South, strengthening the federal government and enacting laws that, however imperfectly, abolished slavery and paved the way for civil rights.

Remembering their history, the United States today acknowledges all Veterans on Memorial Day. To us as Canadians, it may seem like veterans are being acknowledge or remember on two separate days in the United States. In the United States they remember veterans on Memorial Day and they remember veterans on November 11.

To understand why this happens, let us look at this history of November 11 in the United States. U.S. President Woodrow Wilson first proclaimed an Armistice Day for November 11, 1919. The United States Congress passed a concurrent resolution seven years later on June 4, 1926, requesting the President issue another proclamation to observe November 11 with appropriate ceremonies. An act approved May 13, 1938, made November 11 in each year a legal holiday; "a day to be dedicated to the cause of world peace and to be thereafter celebrated and known as 'Armistice Day'." Congress amended this act on June 1, 1954, replacing "Armistice" with Veterans, and it has been known as Veterans Day since.

The Elk Point Review publishes a variety of opinions as a contribution to debate on matters of public concern. Unsigned editorials express the view of this newspaper's editorial board which includes the Publisher and the Editor. Signed pieces express the view of the individual writer.

deanna
EASTHOPE
from the FCSS desk

Speaking of veterans, a very kind person in Elk Point forwarded this story to me which I think is very important to share. Back in September, on the first day of school, Martha Cothren, a social studies teacher at Robinson High School, did something not to be forgotten. On the first day of school, with the permission of the school superintendent, the principal and the building supervisor, she moved all of the desks out of her classroom. When the first period kids entered the room they discovered that there were no desks.

"Ms. Cothren, where're our desks?"

She replied, "You can't have a desk until you tell me how you earn the right to sit at a desk."

They thought, "Well, maybe it's our grades."

"No," she said.

"Maybe it's our behavior."

She told them, "No, it's not even your behavior."

And so, they came and went, the first period, the second period, third period. Still no desks in the classroom. By early afternoon television news crews had started gathering in Cothren's classroom to report about this crazy teacher who had taken all the desks out of her room. The final period of the day came and as the puzzled students found seats on the floor of the deskless classroom, Cothren said, "Throughout the day no one has been able to tell me just what he/she has done to earn the right to sit at the desks that are ordinarily found in this classroom. Now I am going to tell you."

At this point, Cothren went over to the door of her classroom and opened it. Twenty-seven war veterans, all in uniforms, walked into that classroom, each one carrying a school desk. The vets began placing the school desks in rows, and then they would walk over and stand alongside the wall. By the time the last soldier had set the final desk in place those kids started to understand, perhaps for the first time in their lives, just how the right to sit at those desks had been earned. Cothren said, "You didn't earn the right to sit at these desks. These heroes did it for you. They placed the desks here for you. Now, it's up to you to sit in them. It is your responsibility to learn, to be good students, to be good citizens. They paid the price so that you could have the freedom to get an education. Don't ever forget it!"

Yes, classroom rights can be something students take for granted, but, let us not forget how these rights were earned. Memorial Day in the United States is also a reminder for us as Canadians.

P.A.R.T.Y. program resumes

By VICKI BROOKER
Review Staff

Matters of concern took a back seat to good news when Elk Point and Area Community Advisory Policing Committee (CAPC) met May 12 for the final time before their summer break.

Cheri Lindquist said that F. G. Miller High School is starting their last round of P.A.R.T.Y. programs, this time for Grade 9 students. From this point on, the school hopes to provide the program each year for Grade 9s, to equip them with additional coping skills to help them through their senior high years.

Guy Genereux of St. Paul and Area Victim Services acknowledged "the good work done by Germaine Labrie," who stepped in to volunteer her services as P.A.R.T.Y. coordinator in Elk Point. The previous day had been Elk Point's first P.A.R.T.Y. program involving an out-of-town school, with students coming in from Chief Napewaw School at Frog Lake for the program, and Labrie "took a

personal day to be there, because it was a non-Division school."

The May 11 program "was very interesting. We went to the new fire hall," Genereux said, noting that the new facility includes rooms that could be used for the class sessions of the program, rather than the in-service room at the health centre. "We could walk to the health centre instead of to the fire hall," Genereux noted that the nurses assisting with the program "would like a new trauma doll. St. Paul has one with Velcro on injuries," he noted. A comment was made that STARS has a mobile unit with this type of equipment, and are willing to go to communities for demonstrations.

Genereux also reported that a project to establish an Elk Point Victim Services is now underway. St. Paul and Area Victim Services now has three directors, Deanna Easthope, Isabel Myshaniuk and Ellen Ziomek, from Elk Point, he said, and plans for a local organization here are going well.

Lindquist said the FGM students are under "a lot of pressure, with their achievement and diploma exams." The business community is once again providing mock job interviews for students, who are preparing résumés and cover letters as they learn this valuable skill for the future. She also has students looking for summer jobs, she said.

"The roads are getting bad, due to the spring break-up," County of St. Paul Div. 2 Coun. Tom Kurek said.

Town manager Myron Goyan said that the weekly RCMP reports in the Elk Point Review "are nice to have," and the town currently has "no real concerns. (The RCMP) are doing a tremendous job."

Pastor Bill Kryzanowski reported that the Christian Community Church will once again be "up on the hill with our pies on July 1," news that met with approval from around the table.

"We're moving into our new building, and we're half done," was FCSS assistant Sue Cleland's good news for

the day. Not so good was the news that she and her family will be leaving Elk Point this summer, to which FCSS director

Deanna Easthope replied that she was "glad she's still here for the moving process."

Town Coun. Dick Millar had "no complaints. We're happy with the increased RCMP presence here in town. We would be happy to have (Sgt.) Brad (Lazicki) visit council regularly. We're going to miss Cst. Barber, who has been instructing junior golf." He noted that the golf course opened April 24 "and we've lost a lot of trees. The summer students are pulling them out."

NOTICE County of St. Paul No. 19 TAXPAYERS

PREPARATION OF COMBINED ASSESSMENT / TAX NOTICES

In accordance with Section 311(1) of the Municipal Government Act, notice is hereby given that the 2010 Combined Assessment and Tax Notices have been prepared and mailed May 19, 2010, to all taxpayers.

SHEILA KITZ
Chief Administrative Officer

Chamber of the Year

(Continued from Front Page)

Shelving will be installed in the downstairs storeroom, and the carpenter estimates that it will accommodate all the FCSS material in that space. The

solar panels are not operational at the moment as some alterations are being made.

Town Coun. Dwayne Yaremkevich reported that North East MuniCorr toured

the EcoCentre on Sunday and "we got a really good response, although they were disappointed that the solar panels weren't up." He said representatives of one community were so impressed they asked if they could buy the blueprints for the building, "because they want one just like it."

Finishing touches such as stair railings, the time locks on the outdoor-access washrooms and fixtures in those washrooms will be completed in the next few weeks.

JUNE 13, 2010 AT ST. PAUL AG. CORRAL

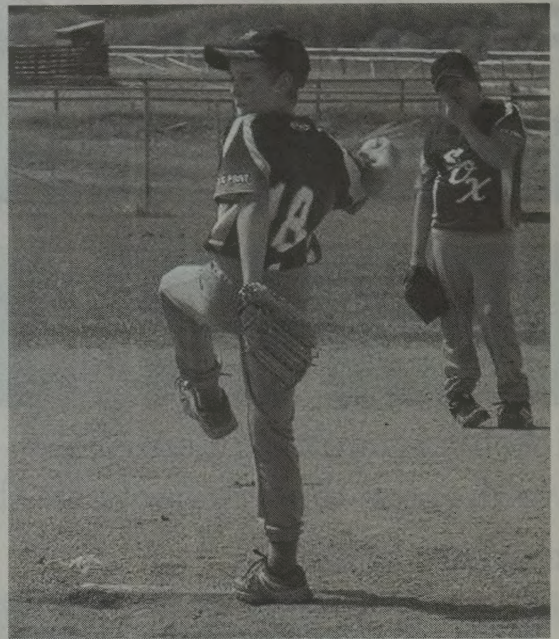

News from the diamonds

Rhonda Stuparyk reports that the Elk Point Rookie team has been hitting hard and catching well, and won their first game against Cold Lake on May 13th.

Sharla Bzowy reports that the Elk Point Mosquito Number 1 East team played their mini crossover tournament in Goodfish on Sunday, May 16th. The Elk Point team won the first game against St. Paul, but lost their second game against Elizabeth Settlement. Coaches are Darcy Pankiw, Donald Cross and Jason Barber.

Sharla also captured the Mosquito Number 1 team in motion in these photos. Doug Bassett reports that the team has the distinction of having three left-handed pitchers on their roster.

Minor hockey in jeopardy

By VICKI BROOKER
Review Staff

Although over 60 families were involved in Elk Point Minor Hockey last year, their search for a 2010-11 executive has been so futile that the organization is preparing to shut down operations as of June 1 if they don't find a new president and secretary.

"Some of the younger families stepped up last year," Leanne Vinge says, and are willing to serve as vice president and treasurer. "We need more of that." Some of the families have children who are now getting too old for minor hockey, and others have been on the executive for a number of years and are burned out, she noted.

"We really don't want to shut down. Minor hockey is a big thing in this community, and to run minor hockey, we need an executive."

Cold Lake minor hockey is having similar problems, and will also shut down if they don't find an executive, she said.

New game in town

There's a new game in town, and Elk Point seniors are embracing it with enthusiasm. Virginia Smereka and Ray Hammond are shown at the firing line of Elk Point's new Bocce court, as they endeavour to roll balls closest to the target ball. Del and Faye Smith offer helpful hints while Margaret Modin and Pat Swedgan wait their turn to do the pitching. All adults are welcome to try out the game at no charge on Thursdays at 1 p.m. beside the former FCSS office.

CAPC hears good news

(Continued from Page 5)

Margaret Modin reported that the town's Seniors' Week breakfast is coming up June 6 at 8 a.m. "It's a busy month here, with first aid courses, etc. The 21-day diet issue brought out more than 100 people to the Alberta Council on Aging meeting, and I urge anyone that has an issue with the new diet to sign and send a letter of concern."

Regarding the 21-day diet, Easthope reported that Meals on Wheels has lost half its clients because of the

food, and noted that when there was a statutory holiday on Good Friday, when the new program was only recently put in place, "no meals were delivered."

Easthope also noted that one of the Block Parents had dealt with an incident and "it was very well handled. The police assisted with it."

Melanie Kisters attended the meeting "on assignment for Brad (Sgt. Lazicki)" and said the detachment "is very busy. There are lots of big projects, and cutting down on Criminal Code offenses

puts members back on the road and handing out a lot more tickets. In the school area, the members are warning smokers, etc. We are glad for the support the community is giving us."

The CAPC is now recessed until Sept. 8, the day after, Easthope reminded members, the Community Information Night, which will be held in the Arts and Leisure Centre for the first time.

Riverland Challenge Saturday

By Vicki Brooker
Review Staff

The third annual Riverland Adventure Challenge, a three-part event involving a canoe voyage from Elk Point River Campsite to the landing below Fort George and Buckingham House (FGBH), a run across the fort sites and a bicycle ride, goes this Saturday, with the canoes scheduled to take to the water at 11 a.m. Elk Point 4-H is sending off the modern-day voyageurs with a hearty pancake breakfast, and musicians are scheduled to be on hand to entertain those who gather to wish the brigade luck on their adventure. The public is invited to attend the launch and later to visit FGBH to greet them at the finish line.

County of St. Paul's BOAT LAUNCHES Affected by Low Lake Levels

Many of the County's boat launches are inoperable due to low lake levels. The lack of winter precipitation and the dry spring have resulted in water levels receding once again this year. Anyone choosing to launch a boat with a trailer is doing so at their own risk as this may cause damage to their vehicle and equipment.

Because of the safety risks, it is not recommended that visitors with motorized boats use the following boat launches at this time:

- Floatingstone Park • Floatingstone West
- Westcove • Crestview • Lac Bellevue Park
- Lac Bellevue East • Mann Lakes • Stoney Lake

While caution is still advised, visitors with small hand-boats may continue to use these boat launches, by hand-launching and walking their boats into deeper water.

Boats can still be launched with care at Lac Sante and Laurier Lake; however, the launching of larger boats may be an issue at these lakes as well.

County of St. Paul No. 19 AGRICULTURAL SERVICE BOARD 2010 ROADSIDE SPRAYING PROGRAM

The County of St. Paul No. 19 Agricultural Service Board will be starting their 2010 Roadside Spraying Program in the month of June. This program is in place to control the spread of Noxious Weeds and Brush along Municipal Road Allowances in accordance with the Weed Control Act.

Landowners concerned about pesticide spraying along municipal road allowances must sign a "No Spray Policy Agreement," (which will be in effect until July 15, 2010) with the County and post the areas they do not want sprayed. It will be the Landowner's responsibility to control all the noxious weeds and brush within that posted area.

The "No Spray Policy Agreements" and the "Do Not Spray" Signs are available at the County Office.

Road allowances along sensitive crops and yard sites will not be sprayed until a later date.

Elections Alberta
is recruiting
Returning Officers and Election Clerks
for the next provincial election

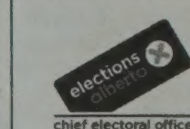

Would you excel at:

- helping to ensure that election events across Alberta are fair, accessible, and comply with election legislation?
- managing the administration of election events in an electoral division prior to, during, and after the event? Your tasks would include running the Returning Office, leasing polling places, and recruiting, training, and hiring Polling Day staff.

We are looking for:

Active, proven event planners and managers with the skills to successfully build and lead a team in a fast-paced environment. Past management/administration of electoral processes or events is an asset.

Candidates who are able to work full or part time as needed, and manage a variety of tasks while adhering to fixed deadlines.

Competition Closes: June 14, 2010.

In the
F. G. Miller
spotlight...

Student of the Week

Kelsey Lindquist

Kelsey exhibits many traits of an ideal student. She finishes her homework and studies for every exam.

Every day, she comes to class on time; she does not disrupt the class, pays attention to the lesson, takes notes, and helps her fellow classmates with questions when asked. When she is absent from class, she would come in on her own time and get extra help to get a better understanding of the topic that she missed.

As a result of her hard work, she is always at the top of her class and usually gets around 95 per cent for her grade in Math10P. Kelsey has displayed that she is very mature and responsible.

Athlete of the Week

Dylan Loughran

Dylan Loughran is a fantastic athlete, though most of his sports are played outside of school.

Although he has not played very many school sports this year at F. G. Miller, Dylan proved to be a valuable member of our RCMP Road Race team. He had the daunting task of being the lead runner and gave our second runner an advantage by being in third place for his leg of the race. He ended the day with a smile on his face and helped his team finish fifth in the senior high category.
